

B2B commercetools Accelerator

Composable commerce reimagined for B2B

Think, build, launch. Fast!

Mastering complexity, delivering simplicity

We empower businesses to effortlessly navigate the intricacies of modern commerce.

Powered by top-tier technological partnerships

O2's accelerator is built with the latest tools enabling businesses to leverage their performance.

Built for and by experienced B2B commerce experts

Our solution is designed to cater to the specific needs of B2B businesses.

About O2's B2B commercetools accelerator

Our accelerator leverages pre-built components, integrations, and best practices to rapidly create a customized online composable storefront. Businesses will be able to launch their commerce platforms faster, streamline complex processes, and provide a seamless shopping experience to their customers.

O2 Web, a commercetools premier partner agency

- Established full-service digital agency
- 100+ North American based commerce experts
- A broad ecosystem of technologies
- Complex integration projects (ERP, DAM, PIM, CRM etc.)
